

From the crumbling tablets hidden for over three thousand years in the land of ancient Kemet emerged the long forgotten true story of history's most beautiful woman, beloved of the pharaoh who believed in one god—the Gleaming Aten.

Their devotion to one another showed the way to future generations of lovers; her beauty provided the seed for the Sacred Feminine that would survive the millennia to come; and her awesome earthly power came in the form of the living image of the Daughter of the Sun.

She was Nefertiti—the Beautiful One Has Come.
